Scope comparison

Your carbon footprint at a glance

The charts shown here provide a clear and detailed visualisation of your carbon emission data, broken down by scope.

The emissions are displayed in descending order, with the largest contributors appearing first to help you quickly identify the most significant sources.

Scope 1

	tCO2e
Vehicles you own or lease	190.83
Gas and other fuels you use directly	24.42
Estimate your refrigerant losses	10.33

Scope 2

	tCO2e
Electricity	14.26
Estimating your building's energy use	14.13

Scope 3

	tCO2e
WTT Emissions	113.09
Employee Business travel	21.23
Employee commuting	174.73
Construction Projects	48.39
Goods and services	10.54
T&D Emissions	2.51
Employees working at home	1.41
Delivery Vehicles	0.43
Water and waste water usage	0.18
Commercial waste and recycling	0.12
Estimating your building's water use	0.09
Construction Waste	0.04
Electrical and electronic equipment waste (WEEE)	0.04
Plastics	0.03
Capital goods	0.00
Visitors and customers travel	0.00
